

2006 Russian Cuvée

Russian Cuvée commemorates the style of sparklings we made for the historic Reagan - Gorbachev summit meetings, which ended the Cold War. Although more opulent than the Classic Vintage Brut, the higher dosage doesn't come across as sweet, but more floral and makes the wine richer and fuller. Aged four plus years on the yeast in the bottle.

Technical Data

Appellation: Green Valley of Russian River Valley

Blend: 75% Pinot Noir 25% Chardonnay

Alcohol: 13.5% v/v

Acidity: .80 g/100ml

Residual Sugar: 1.3 g/100ml

pH: 3.06

Malolactic Fermentation: None

Barrels: 25% Barrel Fermented

Harvest Dates: August 30 - September 22, 2006

Date Bottled: July 2007

Release Date: Current disgorging, December 2011

Total Production: 675 Cases

Suggested Retail Price: \$38.00

Artisanal Winemaking: Hand harvested in the chilly fog of early morning, our Pinot Noir and Chardonnay grapes are gently pressed as whole clusters yielding base wines of great delicacy. The juice ferments slowly at 62° to 65° f retaining vibrant fruit esters. In blending this wine we chose Pinot Noir and Chardonnay lots that were a bit shy by nose but have lean and angular elements by mouth. What was once shy now exhibits wonderful complexity and creaminess that comes from an average of four years of aging on the yeast. The dosage for this wine is 16 ml of Special LEX, (50% Pinot Noir, 50% Chardonnay).

Precision Winegrowing: At Iron Horse "Estate Bottled" means that the winemaking begins in the vineyard. Our location in Green Valley represents the very best soil, climate and aspects for Chardonnay and Pinot Noir. Our goal is to grow the best winegrapes we should be growing through what we call "precision winegrowing." All pruning, canopy management, irrigation and cover crop decisions are determined on a block-by-block (and sometimes even vine-by-vine) basis, considering both the vintage at hand and the long-term needs of the land.

For Sparkling and Still Wine, Precision Harvesting is Key: Our only rule is to make the best wines we can. We wait until harvest to decide sparkling or still, as the only difference is the brix level (or the amount of sugar in the grapes, less for sparklings, more for still). Then winemaker David Munksgard considers berry size (bigger is better for sparklings, smaller for still), the health of the canopy, clone selection, even small details such as the relative dampness of the cover crop can make a difference. If necessary, parts of the same block may be picked on different days.

Tasting Notes & Food Pairings: By nose: Caramel, vanilla and warm milk. By mouth: mandarin orange, custard and a rich creamy mouth feel. A perfect aperitif by itself and for a great cocktail, simply add a few pomegranate seeds to the flute. Pair with rich foods such a foie gras, as well as sweet and sour sauces and anything prepared with exotic spices, including curries and chilies. The White House served it with Pecan Pie for the Queen of England.
